On the left-hand page is a typical controlling order or threat, and on the right a more reasonable version, using choice theory, which is more likely to get a favorable response from the child, lover, student, or employee. Through these examples, the principles of choice theory come alive.

The Language of Choice Theory - Walmart.com - Walmart.com

Choice theory represents an alternative to behaviorism and other external control psychologies. Rather than seeing people as "shaped" by rewards and punishment, Choice Theory suggests that we always have some capacity to make choices and exercise control in our lives.

Choice Theory | Behaviorism | Learning Style ...

Choice Theory: An Introduction Choice Theory, developed by Dr. William Glasser, is the explanation of human behavior based on internal motivation. As Dr. Glasser explains in the most recent of his widely read books, Choice Theory, all of our behavior is chosen as we continually attempt to meet one or more of the five basic needs that are

Choice Theory: An Introduction - LPS Counseling

Choice Theory® is based on the simple premise that every individual only has the power to control themselves and has limited power to control others. Applying Choice Theory allows one to take responsibility for one's own life and at the same time, withdraw from attempting to direct other people's decisions and lives.

The Language of Choice Theory eBook by Carleen Glasser ...

Choice theory contends that every part of our behaviour - thoughts, feelings, physiology and 'doings' is a choice. Every single part of it. And although feelings and physiology are harder to have any choice over, we do have free choice when it comes to our thoughts and 'doings', and these impact on the former two.
